

Service Navigator

 1800 250 502

phn
BRISBANE NORTH

An Australian Government Initiative

Service Navigator is a helpline (1800 250 502†) available to health professionals for advice and information about health and community services available throughout north Brisbane and the Moreton Bay Regional Council areas*.

Service Navigator can provide information about allied health and hospital services, community and home support, and government health related assistance schemes.

Our **Service Navigator** operators are experienced health professionals who understand care coordination, chronic disease management and the local health system.

The **Service Navigator** helpline does not provide advice on medical conditions, clinical treatment or diagnoses, nor does it provide services in the after hours period.

In an emergency phone triple zero (000)

† **Freecall within Queensland from fixed lines and mobiles.** Mobile phone provider charges may apply.

*All Brisbane City Council suburbs north of the Brisbane River, the Moreton Bay Regional Council area and towns west to Kilcoy.

This activity is supported by funding from Metro North Hospital and Health Service.
