

PRIMARY SENSE

A CLINICAL DECISION SUPPORT, POPULATION MANAGEMENT AND DATA EXTRACTION TOOL

LET'S MAKE SENSE OF PRIMARY SENSE!

Brisbane North PHN is committed to supporting practices with the transition to Primary Sense.

Join our Quality Improvement and Development team online to learn how you can incorporate Primary Sense into your practice through robust and rich discussion, including:

- how Primary Sense can assist with meeting PIP QI measures, Continuous Quality Improvement (CQI) and accreditation
- a demonstration of all prompts, alerts and reports will be provided for General Practitioners.

A panel of GPs from our north Brisbane region will share their insights and experience of working with Primary Sense and help us to answer your questions.

A certificate of attendance for CPD hours will be provided to those that register and attend on the night.

When registering, please pre-submit any questions for discussion with the GP panelists.
