

Training Opportunity

Perform Peripheral Intravenous Cannulation

We are excited to offer your practice the opportunity to participate in our fully sponsored Perform Peripheral Intravenous Cannulation course.

This course is meticulously designed to ensure the best patient care through evidence-based techniques and is tailored specifically for general practice staff who perform or will perform intravenous cannulations.

Course highlights:

- Half-day face-to-face program: focused, intensive training to fit your busy schedule.
- Small group setting: up to 12 participants per session, ensuring personalised attention and hands-on experience.

Act now to secure your spot! Spaces are limited, and this valuable training comes at no cost to your practice. Fill out the Expression of Interest (EOI) today and equip your staff with the latest best practices in cannulation.

Please note - completing this form does not guarantee you a spot. If successful you will be provided with further information to enrol.
