Community Hearing Screening Program

Improving access to hearing screening for children

Who can be seen at the clinic?

Our clinics in Caboolture, Redcliffe, Strathpine and Kilcoy offer free hearing screening for children and young people aged from nine months to 16 years with concerns regarding:

- hearing
- speech and language development
- pronunciation or speech clarity
- learning or behaviour.

How do I refer a child for hearing screening?

Click on the QR code below to access the referral form. Referrals are accepted from any professional (doctor, allied health practitioner, child health service, teacher etc).

For any questions, please phone Caboolture Hospital Audiology on **(07) 5433 8193**.
