

# Your community, your health

Help identify health and service needs  
in the Brisbane North PHN region

DO YOU LIVE IN  
BRISBANE OR  
MORETON BAY?

## This is your opportunity to tell us what matters in your health care!

Tell us a bit about yourself, the health issues that are top of mind, and how the health service system is working or not working for you.

Your responses will inform the Health Needs Assessment for the PHN region 2024-2027 and **draw attention to what matters.**

Shape your future. Your health, your say.
