

Training Opportunity

Managing wounds in primary care

Brisbane North PHN, in collaboration with Benchmark, is offering a fully funded training program: managing wounds in primary health care.

This program provides clinicians with an evidence-based framework to assess and manage a variety of wounds, while also focusing on client-centred education and care.

Participants will:

- assess, manage, and apply wound management techniques in primary healthcare
- demonstrate knowledge of wound management products and appropriate application
- obtain compliant wound swab cultures using best practice methods
- apply management strategies, client-centred education, and provide advice on wound care
- assess and manage wounds across a range of clinical settings.

Places are limited. Practices are invited to nominate one staff member by **Monday, 25 May 2026** to be considered for this fully funded opportunity.

For more information, phone [07 3490 3495](tel:0734903495) or email primarycareevents@brisbanenorthphn.org.au.
