

Choose your channel to stay connected with Brisbane North PHN

Brisbane North PHN supports clinicians and communities across North Brisbane, Moreton Bay, parts of Somerset and Norfolk Island, working with and for them to enable better care, closer to home. Our Communications and Engagement team delivers news and information about our PHN across various channels.

CONNECT – COMMUNITY

Partners in Health – flagship publication

Our quarterly digital stakeholder and community publication takes a deeper look at what's happening at our PHN. We share good news stories about the services we commission across our region in partnership with our providers, and other health and community care milestones.

[Subscribe to Partners in Health](#)

Website

Via our [website](#), a wealth of information is available about our organisation, our values and mission, partnerships, programs for our community and primary care support.

Health professionals in our region can browse [PHN-led or funded events](#), [job listings](#), [research studies](#) and [surveys](#).

It's also where we publish our annual [Year in Review](#).

PHN Talk blog

Straight from the desks of Brisbane North PHN's program teams, stay up to date with the daily work we do – big and small – delivering better health outcomes for our community.

New blog posts are published frequently. [Read the latest](#).

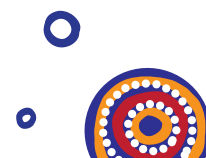

Social media

[Follow us on LinkedIn](#) for real-time organisational updates.

[Follow us on Facebook](#) for community health and awareness updates.

Watch past webinars, campaign and event videos and learn more about what we do as a PHN via our [YouTube channel](#).

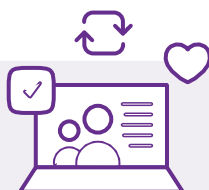

CONNECT – HEALTHCARE PROVIDERS

GP Link

GP Link is a targeted digital publication that serves as a local source of health news for GPs, GP registrars and practices in our region, with an emphasis on clinical updates, PHN programs, pathways and professional development opportunities. GP Link delivers critical, region-specific information to support GPs to better treat their patients.

GP Link is published weekly on a Thursday. [Subscribe to GP Link.](#)

Practice Link is our regular digital publication for practice managers, nurses and staff that supports better management and administration of general practice.

Practice Link

Practice Support website

Our Practice Support website is a one stop shop to support practice managers, staff and clinicians running a general practice in our region. It includes an in-depth toolkit of practical guides, checklists, clinical alerts and other resources, spanning topics from immunisation and accreditation, to digital health, MyMedicare and more, to support your CQI and day-to-day practice activities.

[Access Practice Support](#) and easily find the information you need using its advanced search function.

Allied Health Connect

Shared bi-monthly with the Allied Health Collaborative, the Allied Health Connect newsletter delivers important sector updates and keeps allied health professionals informed about upcoming events, engagement opportunities and professional development.

[Subscribe to Allied Health Connect.](#)

RACH Round-Up

The RACH Round-up newsletter shares updates about the work the PHN is doing in the residential aged care sector, as well as information about projects, programs and PHN-led or sponsored events that support residential aged care in the Brisbane North PHN region.

[Subscribe to RACH Round-Up.](#)

CONTRIBUTE

Contributing a promotional activity to our website is a quick and simple process – [post a job listing, study or survey.](#) Healthcare providers in our region regularly browse these web pages.

Brisbane North PHN does not offer promotion of third-party events or services via our website or newsletter publications.
